segregated as a separate contractual requirement.

22.403 Statutory and regulatory requirements.

22.403-1 Davis-Bacon Act.

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works within the United States, shall contain a clause (see 52.222-6) that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor.

22.403-2 Copeland Act.

The Copeland (Anti-Kickback) Act (18 U.S.C. 874 and 40 U.S.C. 276c) makes it unlawful to induce, by force, intimidation, threat of procuring dismissal from employment, or otherwise, any person employed in the construction or repair of public buildings or public works, financed in whole or in part by the United States, to give up any part of the compensation to which that person is entitled under a contract of employment. The Copeland Act also requires each contractor and subcontractor to furnish weekly a statement of compliance with respect to the wages paid each employee during the preceding week. Contracts subject to the Copeland Act shall contain a clause (see 52.222-10) requiring contractors and subcontractors to comply with the regulations issued by the Secretary of Labor under the Copeland Act.

22.403-3 Contract Work Hours and Safety Standards Act.

The Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333) requires that certain contracts (see 22.305) contain a clause (see 52.222-4) specifying that no laborer or mechanic doing any part of the work contemplated by the contract shall be required or permitted to work more than 40 hours in any workweek unless paid for all additional hours at not less than 1½ times the basic rate of pay (see 22.301).

22.403-4 Department of Labor regulations.

Under the statutes referred to in this 22.403 and Reorganization Plan No. 14 of 1950 (3 CFR 1949-53 Comp., p. 1007), the Secretary of Labor has issued regulations in Title 29, Subtitle A, Code of Federal Regulations, prescribing standards and procedures to be observed by the Department of Labor and the Federal contracting agencies. Those standards and procedures applicable to contracts involving construction are implemented in this subpart. The Department of Labor regulations include—

(a) Part 1, relating to Davis-Bacon Act minimum wage rates;

(b) Part 3, relating to the Copeland (Anti-Kickback) Act and requirements for submission of weekly statements of compliance and the preservation and inspection of weekly payroll records;

(c) Part 5, relating to enforcement of the Davis-Bacon Act, Contract Work Hours and Safety Standards Act, and Copeland (Anti-Kickback) Act;

(d) Part 6, relating to rules of practice for appealing the findings of the Administrator, Wage and Hour Division, in enforcement cases under the Davis-Bacon Act, Contract Work Hours and Safety Standards Act, Copeland (Anti-Kickback) Act, and Service Contract Act, and by which Administrative Law Judge hearings are held; and

(e) Part 7, relating to rules of practice by which contractors and other interested parties may appeal to the Department of Labor Wage Appeals Board, decisions issued by the Administrator, Wage and Hour Division, or administrative law judges under the Davis-Bacon Act, Contract Work Hours and Safety Standards Act, or Copeland (Anti-Kickback) Act. All questions relating to the application and interpretation of wage determinations (including the classifications therein) and the interpretation of the Department of Labor regulations in this subsection shall be referred to the Administrator, Wage and Hour Division.

22.404 Davis-Bacon Act wage determinations.

The Department of Labor is responsible for issuing wage determinations reflecting prevailing wages, including

22.404-1

fringe benefits. The wage determinations apply only to those laborers and mechanics employed by a contractor upon the site of the work including drivers who transport to or from the site materials and equipment used in the course of contract operations. Determinations are issued for different types of construction, such as building, heavy, highway, and residential (referred to as rate schedules), and apply only to the types of construction designated in the determination.

22.404-1 Types of wage determinations.**(a) General wage determinations.**

(1) A general wage determination contains prevailing wage rates for the types of construction designated in the determination, and is used in contracts performed within a specified geographical area. General wage determinations contain no expiration date and remain valid until modified, superseded, or canceled by a notice in the FEDERAL REGISTER by the Department of Labor. Once incorporated in a contract, a general wage determination normally remains effective for the life of the contract. These determinations shall be used whenever possible. They are issued at the discretion of the Department of Labor either upon receipt of an agency request or on the Department of Labor's own initiative.

(2) General wage determinations are published weekly in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under the Davis-Bacon and Related Acts." Notices of general wage determinations are published in the FEDERAL REGISTER. General wage determinations are effective on the publication date of the notice or upon receipt of the determination by the contracting agency, whichever occurs first.

(3) The GPO publication is available for examination at each of the 50 Regional Government Depository Libraries and many other of the 1,400 Government Depository Libraries across the country. Subscriptions may be obtained by contacting: Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402. The GPO publication is divided into three

Each volume's annual and weekly editions will be provided in loose-leaf format.

(b) *Project wage determinations.* A project wage determination is issued at the specific request of a contracting agency. It is used only when no general wage determination applies, and is effective for 180 calendar days from the date of the determination. However, if a determination expires before contract award, it may be possible to obtain an extension to the 180-day life of the determination (see 22.404-5(b)(2)). Once incorporated in a contract, a project wage determination normally
